

FIRE ON THE MOUNTAIN GLASS SCHOOL CLASSES, LESSONS, AND STUDIO RENTALS

“LEARN TO” CLASSES

Fire on the Mountain Glass School offers three different first-time glassblower classes. Each “Learn to” Class is designed to take a person who has never handled glass in a flame and take them through a guided hands-on lesson where they will be able to take home their glass creation, they have made themselves! No experience necessary and we’ll even take your picture for you! We ask that you book the class twenty-four (24) hours in advance, but it never hurts to ask if we can get you in sooner! Discounted rates available for groups up to 4 people. The class is one (1) hour, but we ask you arrive at least thirty (30) minutes ahead of time, so we can review safety information and get right to work when your hour begins! The pieces you create may take up to two to three (2-3) hours to properly cool, so please factor that in if you plan to leave the area directly after your lesson. The following “Learn to” Classes are available for the 2019/2020 winter season.

LEARN TO MAKE A PIPE: Ever want to smoke out of a piece you made? This class will provide you with all the tools, materials, and instructions to create and decorate your own spoon style pipe. Handle as much of the process as you like with the instructors help, but we are always on hand to make sure your piece comes out a success.

LEARN TO MAKE A PENDANT: You can wear your own art after this class! Using colored glass frit and stringer you will design and make your own pendant. We will help you through every step of the process, so you can make something special for yourself or perhaps someone you love!

LEARN TO MAKE A BEAD: Make your own pandora style beads for jewelry! We will provide you with everything you need to make a handful of glass beads that you can add to just about anything, make a bracelet when you go home, add them to a necklace, or string them on a keychain! The possibilities are endless, and the designs are your own!
